

TransNational will allow your business to access the MOST robust payment gateway available. Swipe sales on our virtual terminal, email receipts to your customers, set up unlimited users each with specific permissions, administer recurring bill payments for memberships for payment plans, ACH customers checking accounts, integrate your website for e-commerce processing, and pull historical transaction data from anywhere you or your staff have an internet connection.

PAYMENT GATEWAY

Virtual Terminal: Allow orders to be taken from any computer with Internet access.

Centralization: Manage several locations, point of sale stations, or inbound collection/call centers from a single online portal.

Customized Field Defining: Create your own fields to capture location or product information at the point of sale. Use this information to reconcile transactional data.

Easy Integration: Allow merchants/locations of all sizes to easily connect to transaction processing.

Retail Swipe: Utilize a card reader that "swipes" transactions directly into the virtual terminal.

CREDIT CARD SALE

Billing Information	
*	Credit Card Number <input style="width: 150px;" type="text"/>
*	Expiration Date <input style="width: 100px;" type="text"/> (mmyy)
*	Amount <input style="width: 100px;" type="text"/> (nn.nn)
✓	Currency <input style="width: 50px;" type="text" value="USD"/>

ADD A PLAN

Create a New Billing Plan	
Enter the amount you want to charge the customer each time .	
Amount to Charge each Time	<input style="width: 100px;" type="text"/> (nn.nn)
Enter how often you want to charge the customer.	
Charge the customer every	<input style="width: 50px;" type="text"/> days
OR	
Charge the Customer on day	<input style="width: 50px;" type="text"/> of every month
How many times you wish to charge the customer?	
Charge the Customer	<input style="width: 50px;" type="text"/> times
Enter 0 if you wish to charge the customer until canceled.	
Plan Name / Description	<input style="width: 150px;" type="text"/>
Plan SKU	<input style="width: 100px;" type="text"/>
<input type="button" value="Save"/>	

Forms of Payment: The virtual terminal supports both credit card acceptance and ACH acceptance through a single interface.

Recurring Billing: Automate timely and multiple billings for new and existing accounts via either credit cards or ACH. This will allow for creative payment terms or 0% financing options.

Unlimited Users: Unlimited users can be created to run transactions, each with their own unique permissions.

Employee Management/Training: Users can be easily activated, deactivated, or suspended by your administrators. Card acceptance training is 100% uniform and can easily be accomplished virtually.
